

Disability Stat Pack

These numbers show why every working American needs paycheck protection.

More than **1 in 4** of today's 20 year olds will experience disability before reaching full retirement age.¹

789,000 million disabled workers receive Social Security benefits, as of June 2022.²

The average monthly SSDI benefit is only **\$1,361.88.**²

Many people lack savings – even high-income earners. Nearly **40%** of people earning more than **\$100,000** live paycheck to paycheck.³

Americans are falling behind. Among people with personal savings, the average amount dropped from **\$73K** in 2021 to just **\$62K** in 2022.⁴

Even with health insurance, medical bills can add up. Approximately **23 million** americans owe medical debt.⁵

Many different conditions can cause **long-term** disability claims.⁶

Musculoskeletal Disorders – **27.6%**

Cancer – **15%**

Injuries – **12%**

Mental Health – **9.3%**

Circulatory Issues – **8.2%**
